The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Completing Part 2: Homeless Subpopulations. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The numbers must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Sheltered Homeless. Count adults, children and youth residing in shelters for the homeless. “Shelters” include all emergency shelters and transitional shelters for the homeless, including domestic violence shelters, residential programs for runaway/homeless youth, and any hotel/motel/apartment voucher arrangements paid by a public/private agency because the person or family is homeless. Do not count: (1) persons who are living doubled up in conventional housing; (2) formerly homeless persons who are residing in Section 8 SRO, Shelter Plus Care, SHP permanent housing or other permanent housing units; (3) children or youth, who because of their own or a parent’s homelessness or abandonment, now reside temporarily and for a short anticipated duration in hospitals, residential treatment facilities, emergency foster care, detention facilities and the like; and (4) adults living in mental health facilities, chemical dependency facilities, or criminal justice facilities.

Unsheltered Homeless. Count adults, children and youth sleeping in places not meant for human habitation. Places not meant for human habitation include streets, parks, alleys, parking ramps, parts of the highway system, transportation depots and other parts of transportation systems (e.g. subway tunnels, railroad car), all-night commercial establishments (e.g. movie theaters, laundromats, restaurants), abandoned buildings, building roofs or stairwells, chicken coops and other farm outbuildings, caves, campgrounds, vehicles, and other similar places.
